

Flow Diagram of the Experiment

Abstract

The routine sequence of the experiment, highlighting the language differences, is outlined in the first diagram on the second page. The parallel routines represent the randomized blocks, as shown clearly on the third page. The third and fourth diagrams on pages 4 and 5 show the paths followed by the Italian group and English group, respectively.

ITALIAN LANGUAGE

ENGLISH LANGUAGE

Start of the Experiment

1) Experiment Information and Informed Consent

2) Welcome message

3) Instructions

4) Emotional Assessment

5) Associative Task (CLT)

6) Dependent Variable (illusion)

7) Previous Knowledge Assessment

8) Trials Number Estimation

9) Perceived Difficulty Evaluation

10) Questionnaire on Languages Proficiency

2) Welcome message

3) Instructions

4) Emotional Assessment

5) Associative Task (CLT)

6) Dependent Variable (illusion)

7) Previous Knowledge Assessment

8) Trials Number Estimation

9) Perceived Difficulty Evaluation

11) Objective English Test

End of the Experiment

RANDOMIZED BLOCKS

OTHER BLOCKS

Start of the Experiment

1) Experiment Information and Informed Consent

2) Welcome message

3) Instructions

4) Emotional Assessment

5) Associative Task (CLT)

6) Dependent Variable (illusion)

7) Previous Knowledge Assessment

8) Trials Number Estimation

9) Perceived Difficulty Evaluation

10) Questionnaire on Languages Proficiency

2) Welcome message

3) Instructions

4) Emotional Assessment

5) Associative Task (CLT)

6) Dependent Variable (illusion)

7) Previous Knowledge Assessment

8) Trials Number Estimation

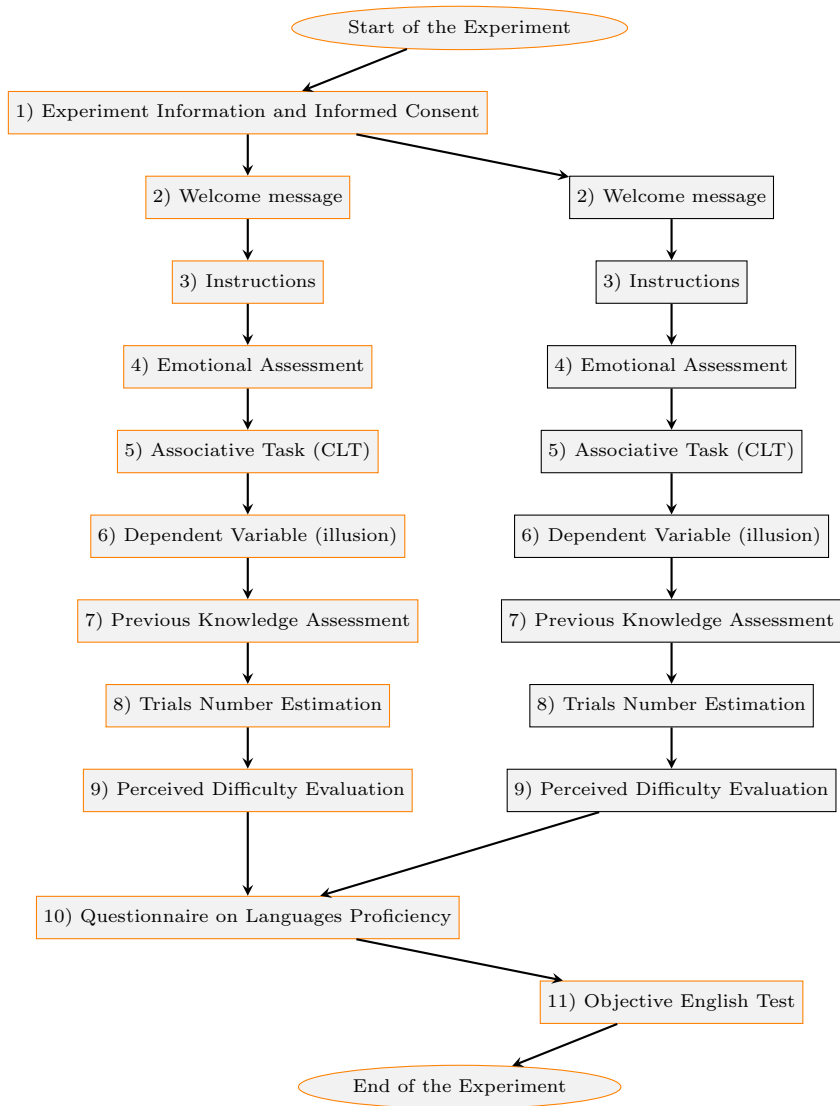

9) Perceived Difficulty Evaluation

11) Objective English Test

End of the Experiment
